Purchaser: Bartlettyarns  
www.bartlettyarns.com  
sales@bartlettyarns.com  
207-683-2251

**SHEEP DEDICATE A YEAR TO PRODUCING ITS FLEECE...**

**Fleece Preparation:**

**IF YOU HAVE OVER 250 LBS., PLEASE CONTACT LINDSEY ASAP AT 207-683-2251.**

Skirt the fleece, removing any manure tags, vegetable contamination, paint, polypropylene twine, jute, burlap, plastic thread from feed bags, baler twine, etc.

Minimize wool contamination. Contamination lowers the yield or useful quality of the wool clip. We cannot accept wool which includes burdock or cockleburs, paint, dirt, chaff or shavings.

We do NOT accept bellie wool, tags, wet, moldy, mildewy wool. Wool which is infested with insects or insect eggs or that smells of mothballs is not accepted.

(Insect sacks are about the size of dried rice grains, appear singly or in clusters.)

Pack your wool so that it can "breathe". Do not smother your wool in tightly closed plastic bags because it will start to rot or compost. Do NOT tie fleeces. Wool in any packaging material should not be stored in direct sunlight or on the ground.

Please label ALL bags, both inside and outside with your name, address, phone number and email address. We cannot process payment without this information!

Please sort your wool as follows: White Face; Black Face/White Wool; and Colored.

We do not accept wool from the following breeds: Barbados Blackbelly, California Red, Icelandic, Karakul, Katahdin, Navajo Churo, Romanov, St. Crois

**Dates:**

**June 21, 2018**

4-6 pm

**June 22, 2018**

8:30 am - 11:30 am
